

Aspenify Privacy Policy and Terms of Service Addendum

Last modified: January 30th, 2025

Privacy Policy and Terms of Service Addendum

Introduction

Welcome to the Early Access or beta testing phase, accessible via stage.aspenify.com. This addendum supplements Aspenify's existing Privacy Policy and Terms of Service. By participating in this Early Access (Beta) environment and our early access features, you agree to the terms outlined herein, in addition to Aspenify's existing policies which are available at <https://aspenify.com/legal/>.

Beta Test Agreement

- **Ongoing Development:** As these products are in Early Access (Beta), individual user experiences, features and functionalities are subject to change. We may add, modify, or remove features and user generated content at any time without prior notice. These features may include AI-Driven recommendations and processing, and users acknowledge and accept their use when participating in this Early Access Beta.
- **AI Limitations:** The product includes experimental features that utilize AI technology, which may occasionally produce biased, inaccurate or unintended results. Users should verify AI-generated content for accuracy and relevance. Please ensure that you keep a human-In-the-loop as you design and develop your Workflows and Interactive AI Playbooks. Users assume responsibility for AI-driven outputs and their use,
- **No Guarantees:** The Early Access beta product is provided "as-is" without warranties of any kind. Aspenify disclaims all liability for any issues arising from its use. Early access API's, (Beta) and AI features are provided on an experimental basis. These features are subject to change, may contain errors, and are offered without guarantees. Users acknowledge that AI tools should not be used for critical decision-making without human review.
- **Misuse Prevention Measures**
Users are prohibited from scraping, duplicating, or repurposing AI-generated content for use in third-party AI models, including external APIs, without explicit authorization from Aspenify. Users are prohibited from replicating or repurposing Aspenify Software features and functionality.

Ownership and AI-Generated Content

- **User Inputs:** All data and content entered by paid users in their individual Aspenify Platform Workspace account remain their property. Users are responsible for ensuring they have the rights to the data they input. Unless otherwise agreed, AI-generated content produced through individual workspace accounts remains the intellectual property of the

user. However, Aspenify retains the right to analyze anonymized AI interactions to improve system performance and to provide users with opportunities to provide feedback and input on their experience. Content generated into the Free Early access and Beta community workspaces and shared as collaborative content will be retained as intellectual property of the Community Workspace Owners and Aspenify.

- **AI-Generated Outputs:** Content generated by the AI is based on user inputs, LLM's (Large Language Models) and publicly available information. Aspenify does not claim ownership of AI-generated content; however, users should review and validate such content before use. Aspenify does not guarantee the accuracy, completeness, or suitability of AI-generated content. Users assume full responsibility for decisions made based on AI-generated outputs, and Aspenify disclaims liability for any errors or unintended consequences resulting from AI usage.

Accessibility Commitment

We are dedicated to ensuring our platform is accessible to all users. If you encounter any accessibility issues or have suggestions for improvement, please contact us at info @aspenify.com.

Referral Program

If you're interested in participating in our referral program, please reach out to us at www.aspenify.com to register interest or contact info @aspenify.com for more information.

Data Collection and Usage

Aspenify follows industry best practices and compliance with standards, to ensure the security and confidentiality of user data. Regular audits and security protocols are in place to safeguard sensitive information. We may collect data to improve the product and gather feedback on the User experience, including:

- **User-Provided Data:** Information you input, such as registration details and feedback.
- **Usage Data:** Interactions with the platform, feature usage, and other related metrics.
- **User content:** Any input, file uploads or feedback while using the services.
- **Technical Information:** Details about the devices used to access the platform.

This data will be used to improve and enhance services, provide updates and maintain legal compliance and in accordance with our existing Privacy Policy hosted at Aspenify.com/legal.

Third Party Tools

Aspenify does not control or assume liability for third-party API or AI tools' data processing practices. Users are encouraged to review each provider's privacy policies separately. Early Access Beta features of Aspenify may integrate with low code developer apps and automations with external tools and AI models, such as those offered by [OpenAI](#), [Zapier](#) and [Make](#) to enhance functionality. These third-party providers are responsible for their own product usage and data handling practices. Users are encouraged to review their respective privacy policies and terms of service for more information

Liability Disclaimer

Aspenify is not liable for any direct or indirect damages arising from the use of this Early Access beta product. Users assume full responsibility for any content created or actions taken within the platform.

Updates to This Addendum

We may update this addendum as necessary. Continued use of the Early Access features or beta product constitutes acceptance of any revised terms.
